Cynthia Signet, founder of Ancient Wisdom Teachings, will be our guide through the many levels of the great mystery school of Teotihuacan. Cynthia is a teacher of Toltec Wisdom and has made pilgrimages to Teo over the past 14 years. She

was initiated into the Shamanic Path during extensive instruction under Native American and Toltec medicine people. Her quest to deepen into the knowledge of the ancient Americas, further led her to wisdom keepers of Peru and the Maya/Olmec lands of Mexico. Cynthia shares this knowledge through heart-centered teachings and ceremonies that honor and empower each person's individual path promoting awareness for all that we are in body, mind, soul and spirit.

*When I'm still I hear a voice calling out my name,
Saying no matter who you are, we are one in the same,
And it says now is the time that we listen to the call...
To awaken to the divinity that unifies us all.
I am awakening...I am awakening...I am awake.*

~ I Am Awakening, by Dennis Merritt Jones

The above song is a call for us all to wake up and become more conscious of what we have in common as human beings. If you are at all like me, you are hearing the call to realize our oneness as spiritual beings. Your soul essence is stirring and beginning to awaken from a sleep state induced by a dream (nightmare) in which our planet has collectively been stuck for many millennia. That dream draws its life-force from separation, superstition, dogma, and a belief that one's destiny and happiness is determined by how well one can control and manipulate the world around them. This dream thrives on the belief that the world is not a safe place and that people unlike themselves should be feared. Are you ready to dream a new dream? Awakening from this dream is what lies at the heart of Sacred Journeys Travel.

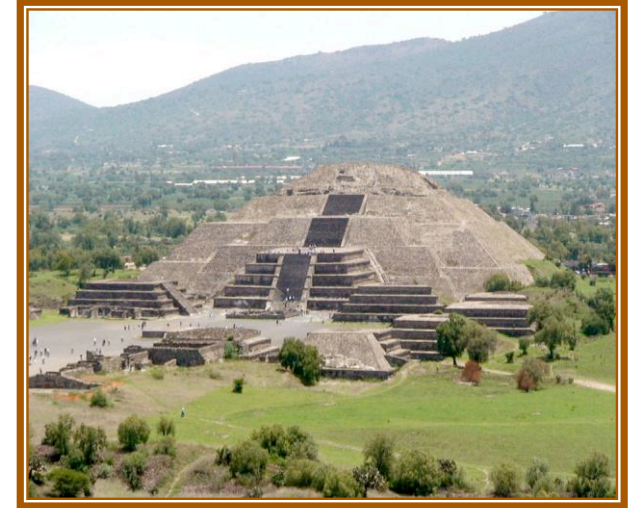

If you are ready for an adventure that will help you see your life and your world through new eyes, we have a Sacred Journeys Travel custom tailored for one on the path of awakening. This journey to the ancient City and pyramids of Teotihuacan, Mexico, will offer you the opportunity to travel with like-minded people to one of the most transformational, spiritual power centers on the planet. Through the teachings of the Toltec you will discover how to dream a new dream, one that will transform your life.

As you read this brochure, imagine living without being afraid to take a risk and to explore life. Imagine walking among the pyramids and realizing, just as the ancient Toltec, you too, are on a sacred journey. You are awakening to who you really are...you are awakening to the awe and splendor of being who *you* came here to be. Can you hear the call?

I invite you to join me on this amazing journey. I look forward to personally sharing many memorable moments with you in Teotihuacan.

Peace,
Dennis Merritt Jones

TEOTIHUACAN

Thousands of years ago, the magnificent pyramid city of Teotihuacan, *“the place where humans become gods”*, served as an initiation center and repository for the spiritual knowledge of the ancient ones. It was home to master adepts known as the Toltecs, who practiced and taught select seekers disciplines for living in harmony with themselves, each other, and their environment - creating the dream of *Heaven on Earth*.

This sacred knowledge was not lost, but hidden for hundreds of years to avoid desecration and intentional misuse of power by those who came after the Toltec city was abandoned. Prophecies foretold the coming of a Golden Age of Consciousness, when this wisdom would once again be returned to humanity. We are standing at the threshold of that time now. Today, the pyramids of Teotihuacán continue to serve as a place of extraordinary transformation as the heart of the ancient Toltec Mystery School. This journey opens a special door to that body of wisdom and creates the sacred atmosphere to learn new and significant life lessons from ancient wisdom teachings.

Teotihuacán was built on a geodetic grid system (a power center), in sacred geometrical alignment with the cosmos, where earth energy strongly merges with stellar energy.

This energetic union of the heart of the earth with the heart of the sky, provided a “quickenings” for the Toltec initiates in their transformation into fully actualized beings - the order of Quetzalcoatl...*the plumed serpent*.

Today, Teotihuacán continues to be a spiritual university for those that enter into the silent knowledge

of this ancient site. Stepping into sacred space, we can see with new vision and resonate with our true purpose and heart-centered intent.

“While I stood there, I saw more than I can tell, and I understood more than I saw: for I was seeing in a sacred manner.”

-Midnight Sun

THE JOURNEY

Join us on this life-affirming journey of the spirit...remembering that we are spiritual beings in physical form ... that it is our birthright to live in the light of our own personal truth, freedom, and happiness, with love and respect for ourselves, each other and the planet that sustains us.

We begin by entering the serpent’s mouth at the Temple of Quetzalcoatl, to awaken to the remembrance of who we really are. Each day we will progress to specific temple and pyramid sites for teachings of the Toltec tradition, following the same initiatory path of past nagual masters, jaguar warriors and eagle knights of ancient times.

In the evenings we will have circle gatherings at the beautiful *Casas del Suenos* (The Dreaming House) for refreshments and reflection – a time for sharing our experiences and insights of the day. Throughout the week, Dennis will facilitate evening discussions and present several experiential workshops including nightly guided meditations, enabling us to more fully personalize this amazing journey into being.

On our last and final day we will soar to the heights of the Pyramid of the Sun, returning to the Dreaming House for a special farewell dinner to celebrate life-long friendships and a renewed and open heart full of gratitude for gifts received.

OUR HOME

Our home in Teotihuacan is the beautiful retreat estate of *Casas del Suenos*, (House of the Dreamers), located in the village of San Sebastian, nestled in the shadows of the pyramids. It is a private sanctuary to Toltec teachers and their groups during sacred pilgrimages to Teotihuacan.

The sleeping rooms are spacious and uniquely decorated with Mexican art and painted wall murals, each with their own private bath with shower. The guardian of this Toltec sanctuary is Alberto Romero, a celebrated stone sculptor who comes from an old Teotihuacan family lineage. He and the Dreaming House staff are gracious hosts and they treat their guests as family. Fresh, delicious meals of country Mexican food are always prepared with skill and love. It is truly a magical place for a magical time!

The number of participants is purposefully limited to 25 to ensure the integrity of the journey and to provide personal attention within a supportive environment. We would love to have you
